

Mac – Icon Update

1. Double-click the oyen_icon_gry.zip. A file named oyen_icon_gry will appear.
2. Select the file and click File > Get Info
3. Select the external drive and select File > Get Info
4. Drag the icon from the oyen_icon_gry window to the top of the external drive window until the green (+) appears. Release and the icon will be updated.
